

5 Essential Drain Checks

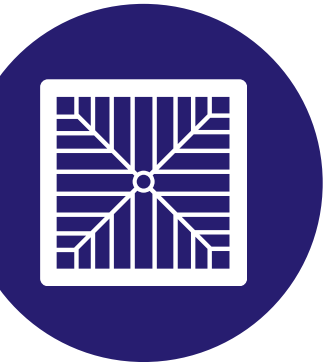

Flush Each Toilet

Is the water slow to drain from the toilet bowl or is there a foul smell in the facilities?

Run All Taps

Is there a gurgling sound when the water drains?

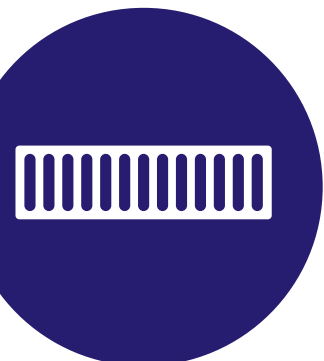

Check The Gullies

Are they blocked or slow draining?

Check The Gutters

Are there leaves or moss growing out of them?

Check The Car Park Drains

Is there a build-up of debris and leaves?

If the answer to any of the above is yes, it's likely there's a blockage. Metro Rod is here 24/7 for all drain maintenance.
